

MAINE GLASS ENCAPSULATED BLIND SYSTEM (EBS)

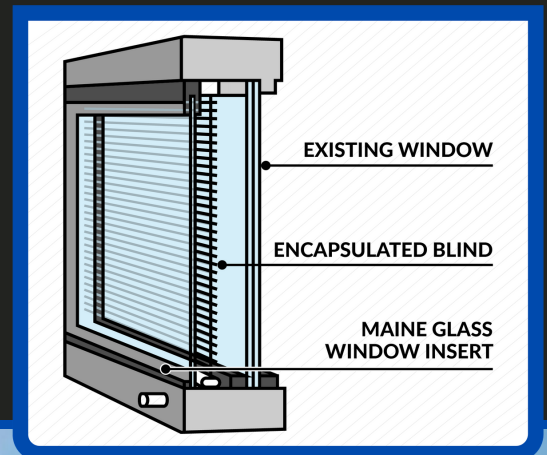

- A SOLUTION FOR HOSPITAL SAFETY -

BENEFITS

- **Easy to Clean**
Smooth cleanable surface
- **Non-Intrusive Install**
Quick and clean
- **Patient Comfort**
Reduces solar heat gain
- **Energy Efficiency & Savings**
Typical 5 to 7 year payback
- **Cost Effective**
Call for a quote
- **Sterile Environment**
Reduced risk of hospital acquired infection

Installing our **Encapsulated Blind System** in your hospital will eliminate traditional window treatments that can retain dangerous bacteria and viruses. The result is a smooth cleanable surface that is dramatically easier to maintain while providing improved air quality. The system also upgrades your existing windows, providing substantial energy savings.
